AP/Armaflex®
Fabricated Covers for Grooved Fittings

- Wall thicknesses up to 2”, ID up to 10” IPS
- Labor saving, one-step installation
- Easy to work with and apply
- Provides total Armaflex system integrity: Thermal efficiency and moisture resistance
- Microban® antimicrobial product protection inhibits the growth of mold and mildew in the insulation

Made-to-order prefabricated Armaflex fittings for quick installation over grooved couplings and iron pipe fittings

GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

Microban antimicrobial product protection is limited to the product itself and is not designed to protect the users of these products from disease causing microorganisms, or as a substitute for normal cleaning and hygiene practices.*
Technical Data: Fabricated Covers for Grooved Fittings

Description:
The premier prefabricated covers for iron pipe grooved fittings for use on Armaflex insulation systems

AP Armaflex black fabricated fittings provide thermal protection and condensation resistance with other AP Armaflex performance advantages

Specifications Compliance:

<table>
<thead>
<tr>
<th>Standard</th>
<th>Description</th>
</tr>
</thead>
